THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSES OF THE UNITED STATES WITHIN THE MEANING OF THE ESPIONAGE ACT 50 U.S.C. 31 AND 32, AS AMENDED. ITS TRANSMISSION OR THE REVELATION OF ITS CONTENTS IN ANY MANNER TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION 50X1-HUM

1. The 1947 - 1951 Five Year Plan aims at raising the gross tonnage of merchant navy shipping from its present figure of approximately 180,000 tons to 600,000 tons (i.e. an increase of about fifty percent on the pre-war figure).
2. The Main Shipbuilding Directorate which came under the direct dependence of the Ministry of Defense, has now been transferred from Fiume to Belgrade and has been renamed the Central Shipbuilding Directorate. The Directorate of Shipyards on the Northern Coastline which came under the Main Shipbuilding Directorate has now been abolished and its functions, which involved the technical and administrative control of the Martinsica and Zurkovo Shipyards, have been taken over by the Croat Republic Fishing Ministry in Zagreb.
3. The Central Shipbuilding Directorate has the following departments:
  - a. The Central Project Bureau in Fiume. This department is responsible for:
    - Elaboration of projects generally.
    - Control of projects submitted by foreign shipbuilding concerns under contract.
    - Purchase of ships abroad for reconversion.
    - Plans for repairs, et cetera.
  - b. The General Directorate for Shipbuilding Industry in Fiume. This is a technical branch which is called in to advise on problems of technical execution. It also supervises the progress of construction work, studies new methods of improvement and submits plans for the construction of shipbuilding plants and accessory machines and installations. This branch is responsible for the technical supervision of the following:

The Viktor Bencic factory (formerly the arsenal Lazarus)
